PROFESSIONAL SUMMARY

Lead Graphic Designer with 6+ years of experience delivering high-quality visual communication solutions across print, digital, branding, presentation, and communication design. Skilled in managing end-to-end design workflows from conceptualization and prototyping to final delivery while maintaining strong alignment with brand standards and communication objectives.

Experienced in collaborating with cross-functional stakeholders and managing multiple concurrent creative projects in fast-paced environments. Strong expertise in presentation design, branding systems, typography, visual storytelling, and business communication materials within multicultural and corporate-facing environments.

Experienced in supporting creative operations, workflow optimization, and scalable visual communication systems across multiple projects and stakeholders. Proven ability to coordinate creative workflows, provide creative direction, supervise visual quality, and manage digital design initiatives while ensuring timely project delivery.
